SUMMARY

Python Full Stack Developer skilled in Python, FastAPI, Django, REST APIs, SQL, PostgreSQL, HTML, CSS, and JavaScript. Experienced in developing responsive web applications, backend services, and database-driven solutions. Strong foundation in DSA, problem-solving, and software development.

EDUCATION

Vadlamudi,Guntur, *Vignan's Lara Institute Of Technology & Science | B.Tech | Aug 2024 – Present*

Bachelor of Technology in Computer Science and Engineering:
Pursuing Bachelor of Technology in Computer Science and Engineering with a focus on Python programming, SQL, web development, and software development. Developed academic projects and strengthened problem-solving and technical skills.

Sri Chaitanya Junior College | Intermediate | Jul 2022 – Apr 2024
MPC: Completed Intermediate education with a percentage of 95%, with a strong foundation in mathematics, science, and analytical skills.

ST.IGNATIUS EM H S|10th|JUL 2022-APR 2024
SSC: Completed SSC (10th Class) with 491/600 marks, with a strong foundation in mathematics, science, communication, and analytical skills

PROJECTS

Railway report
Developed a railway reporting system to manage and analyze train and passenger information. Implemented data processing, search, filtering, and report generation features. Used Python and database technologies for efficient data management and retrieval.

AI personal document organizer
Developed an AI-powered document organizer for storing, categorizing, and managing personal documents. Implemented intelligent document search, organization, and natural-language interaction features. Integrated AI capabilities with backend services for efficient document management.

AI based interactive quantam algorithm learning platform
Developed an interactive AI-based platform for learning and exploring quantum algorithms. Implemented algorithm explanations, interactive learning modules, and visual representations. Integrated AI features to provide simplified explanations and improve the learning experience.

Expense Tracker
Developed a full-stack expense tracking application using Python, FastAPI, PostgreSQL, and JavaScript. Implemented expense categorization, transaction management, and spending summaries using REST APIs. Integrated PostgreSQL for efficient financial data storage and retrieval.

WORK EXPERIENCE

Full Stack Developer Intern — CodeAlpha, *01 Apr 2026 – 30 Apr 2026*
- Completed a 1-month Full Stack Development internship at CodeAlpha through a virtual internship program. Gained practical exposure to frontend and backend web development concepts. Worked on developing web applications and strengthening full-stack development skills. Demonstrated dedication, hard work, and a strong willingness to learn throughout the internship.

Web Development Intern | InAmigos Foundation6, *22 Sep 2026 – 05 Oct 202*
Built and maintained responsive web pages using HTML, CSS, and JavaScript. Implemented interactive UI components and improved website functionality. Worked on debugging, testing, and resolving frontend issues. Gained hands-on experience in web development and project implementation.

TECHNICAL SKILLS

Languages:
- Python,Java,Dsa

Databases:
- MySQL

Tools:
- Git,Vs code

Web Technologies:
- HTML 5,CSS 3,Javascript,FastApi

CERTIFICATIONS

• Full Stack Development – CodeAlpha
• Java – NPTEL
• Python Essentials – Cisco Networking Academy
• Concurrent Programming: Multithreading in Python – Infosys Springboard
• Introduction to Python – SoloLearn
• Frontend Development – Cursa
• Cyber Job Simulation – Deloitte
• C Programming – Simplilearn
